

Aspiration Profile Action Plan

Shared Language

Does every understand the definition of Aspirations? How do you know?

Reflecting on Actions

How can you use teaching strategies in every classroom to support students to reach their aspirations? (See *Instructional Strategy* document for ideas).

How will you make explicit the links between SIF 2.0 and student aspirations? (Recall Dr. Corso's presentation)

How does Student Voice & Aspirations explicitly link to your school vision and strategic plans?

What visual reminders will you use to support a shared language and expectation of actions to reach your shared and individual aspirations?

What are your first steps in implementing a shared understanding of student voice and aspirations and how will you document this? (Recall the document journey's shared in this presentation).

Student Understanding

What opportunities do students have to set goals and check if their actions are helping them reach their goals? Is this consistent across the school?
