

Discussion

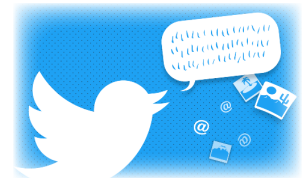

- In what ways do you like to be recognized for your professional accomplishments? (Never being recognized at all is not an option! 😊)
- How do you celebrate your colleagues' accomplishments?
- How can you increase celebration at your school?

Challenges

1. Time Travel Tweet

With your Aspirations Team, create an old-school Tweet (up to 140 characters) based on the scenario below:

You have time traveled to May 2024 and your Aspirations Team must Tweet about a goal the team/school accomplished during the 2023-24 school year related to Student Voice. Be ready to share your Tweet and explain how the goal was accomplished.

2. Celebration Recipe

As a group, create a recipe for meaningful celebration! You are allowed seven ingredients. Once you agree upon the ingredients, record your recipe to share with others.

3. Brilliant Ideas

Individually, develop a creative and fun way that Aspirations Teams can celebrate their accomplishments. Write your idea on a piece of paper and then put it inside a balloon. Blow up and tie the balloon with the paper inside. When instructed, toss the balloons around the room and choose one balloon that is not yours. Pop the balloon and learn a new way your Aspirations Team can celebrate accomplishments!
