

STAFF AND ADMINISTRATIVE SESSIONS

The Quaglia Institute offers the following professional development options:

Customized Online School Consultancy

A senior member of the Quaglia Institute will collaborate with a school's leadership team to co-design online sessions that create an individualized Student Voice.

Dynamics of Student Voice & Aspirations - Part I

An introductory series designed to consider the role student voice plays in learning and to recognize the importance of supporting all students in their journeys to reach their fullest potential.

Dynamics of Student Voice & Aspirations - Part II

Sessions designed to deepen the understanding about student voice and strengthen implementation strategies for putting learning into action.

Student Voice & Aspirations Implementation Strategies

Offered exclusively to schools/districts/networks working with the Quaglia Institute, these sessions are opportunities for educators to reconnect with a Quaglia Institute senior staff member and other educators in order to learn from one another about effectively creating student voice as a way of being in school.

Student Voice & Aspirations: Specialized Sessions

Specialized sessions designed for participants to develop the skills to understand and operationalize student voice in their daily interactions with students.

Student Voice & Aspirations: Train the Trainer

Sessions designed to instruct a select group of educators to lead Student Voice & Aspirations work within their school and/or local district.

Amplifying the Voices of Students with Disabilities

Sessions designed to help special educators support and enhance the development of the voices of students with disabilities.

Student Voice & Aspirations On-Site Review

Offered exclusively to schools/districts/networks that have previously engaged in Quaglia Institute professional learning sessions, this review session includes consultation with a Quaglia Institute senior staff member designed to gauge the current status of the Voice Process implementation and the extent to which student voice and aspirations are embedded across the school.

STUDENT SESSIONS

The following sessions are designed to engage students in helping make voice become a way of being in their school.

My Voice, My Future Student Voice Webinars for Students (Grades 6-12)

Webinars *for students* to celebrate and engage their voices in a thought-provoking way that helps them reach their personal, social, and academic potential.

Student Voice & Aspirations Leadership Webinars (Grades 1-12)

Webinars that create the opportunities for students to unlock student voice and leadership in their school and become inspired to use their voices to enact positive change.

PARENT SESSIONS

Customized webinars designed to help parents learn about the concept of aspirations and consider what makes children feel valued for their unique skills and talents.

ADDITIONAL RESOURCES & SERVICES

Quaglia Institute Website

The Quaglia Institute's website contains a wealth of free resources for schools, including the following sections in our Library: Staff Publications, Showcasing Schools, Instructional Strategies, and Case Studies. To view these and a wide variety of other resources, visit: quagliainstitute.org.

Surveys

Quaglia School Voice surveys are designed to measure the conditions related to student voice and aspirations across an entire school. Available for students, staff, and parents, these online surveys take about 15 minutes to complete and provide survey administrators with real-time reports along with embedded Next Practices resources. Utilizing Quaglia School Voice survey reports, teams of educators and students can work together to develop shared objectives and inspire meaningful improvements within their schools.

The iKnow My Class survey helps individual classroom teachers in grades 3-5 and 6-12 discover students' perspectives about themselves as learners, course content, and instruction. This online survey takes about 5-10 minutes to complete, provides teachers with real-time reports along with embedded Next Practices resources. It allows for ongoing, formative assessment of students' perceptions and engagement and allows teachers to make necessary midcourse adjustments. iKnow My Class data is intended to be co-owned by the teacher and students and used in partnership within each unique class of learners to identify strengths to celebrate, as well as areas for continued growth.

Student and parent surveys are available in English and Spanish. Find more information at: bit.ly/quagliasurveys.

My Voice, My Future

The My Voice, My Future student webinar series includes six 20-minute sessions that can be viewed by students in any order. Each session includes a reflective guide designed to support student learning during and after each session. The six sessions are:

- Understanding the Power of My Voice
- Putting My Voice Into Action
- Using My Voice for the Good of the Whole
- Building Positive Relationships with My Voice
- Goal Setting Driven by My Voice
- Amplifying My Voice During Transitions

Each session includes a variety of components designed to engage students in learning how to use their voices to positively impact their own lives and learning, as well as how to make a difference in the world around them. Students are presented with a series of Myth Busters as a way to explore what a powerful voice is, and what it is not. Focus concepts are then presented, including words of wisdom from the voices of a wide variety of educators and students. Each session also includes a personal challenge in which students individualize their learning and determine how they will apply what has been learned to their lives moving forward. Each session wraps up with key takeaways and suggested resources for continued learning.
