

# CAJ AND ADLEE

We know young learners always have **something to say!**

It is up to all of us to create the conditions in **school** and at **home** that will allow children to use their voices in meaningful ways. Here are a few activities and conversation starters. We would love to hear your ideas on how you are promoting the **voices** of young people.

Have fun,

**Cali and Russ**

Which animal did you like the best? Why?

---

---

---

What makes YOU special?

---

---

---

What kind of voice do you have?

---

---

---

How can your voice help others?

---

---

---
