

# GUIDING LIGHT: SCHOOL VALUES AUDIT

**A school's mission statement is vital as it defines the institution's core values and purpose, guiding every aspect of its operations. It serves as a strategic anchor, ensuring that educational practices align with the overarching goals.**

What is your school's mission statement? (Look it up if you need to.)

What values from the *Personal Values Audit* are inherent in the school's mission?

For three of the values you listed above, provide specific examples you have seen at your school that reflect these values.
